## ADVANCED PRAISE FOR NEVER ALONE

"Well written, sometimes hair-raising, and always moving. She tells us what it is like to live in that ancient, primordial way, with unflinching honesty and vivid insight. Truly a memorable book."

- Hugo award winning author Kim Stanley Robinson

In her debut memoir, Never Alone, A Solo Arctic Survival Journey, Woniya Thibeault, the first woman to win Alone® on The HISTORY Channel™, tells the deeper story of her first Alone adventure, one not seen by fans of the popular show. In a voice that draws the reader right into the heart of her narrative, she shares how beauty kept her fed when hunting failed, how the joy outweighed the deprivation, and how, even as she approached the very edge of life and death, the hardest thing of all was having to return home.

"There are few things as transformative as feeling seen and held by an intact wild place, merging with the natural world around you, and coming to see yourself not as separate but as an important and valued part of it, feeling a belonging so deep that there's no such thing as loneliness."

## ABOUT THE AUTHOR

WONIYA THIBEAULT has always been drawn to wild places and the skills our ancestors used to thrive there. While she has never considered herself a survivalist, her decades spent honing land-based skills taught her how to live long-term in the wilderness. These skills led to her invitation to Season 6 of Alone® on The HISTORY Channel™, the focus of her memoir Never Alone.

Three years later she became the first female winner of Alone on the all-star challenge, Alone: Frozen®. Sharing ecological knowledge and ancestral skills to help people to live wilder, freer, more connected lives is her passion.
